PROFILE

# ABOUT US

ECOBUILD is the trending competitor with a difference in Kuwait market. As the talk-of- the-town in the construction sector, it excelled for its customer in every aspect of his business since its foundation, drawing from 30+ years of experience in the Kuwait market and gifted with a dedicated and hardworking team of professionals.

Our company was founded by Eng. Arun Emmanuel our CEO. A professional engineer by training his conduct is shaped by 30+ years of experience in the construction sector. His knowledge in each part of the value chain of large scale construction projects is “primus inter pares” and he abides by his motto of “Growth by Quality” standing out with his conviction amongst others in similar fields.

Our company is a part of Bader Sultan Group which is a renowned major conglomerate in state of Kuwait that holds major stakes and ownerships with prime companies involving Engineering Consultancy, Warehouses, Supermarkets, Real Estates, NDE Inspections, Treatment Plants, Insurances, Logistics, Finance, Material Supplies to name a few.

ECOBUILD's organization structure is headed by Mr. Ayman Bader Sultan Ben Essa, the CEO of Bader Sultan Group and Mrs. Zahra Bader Sultan Ben Essa, the Chairperson of Bader Sultan Group.

As ECOBUILD, we take pride to represent Prime European, American, Chinese and Indian multinational principals for the supply of Materials and Turnkey works in the field of Mechanical, Electrical, Water Treatment and Civil/Architectural sectors.

Our company is one amongst the known turnkey system provider as Design specialist sub-contractor in the field of MEP works such as Steam systems, HVAC, Solar energy systems (PV & Thermal) and Biological/Chemical water treatment system added MEP sub-contract works in JV with International partnership.

## Electro-Mechanical Applications

- ▲ Electric water heaters (Unit & Central)
- ▲ Plumbing specialities including representations on drainage and water supply specialities
- ▲ Ductile Iron Piping System
- ▲ Chemical Drainage Piping System
- ▲ Turnkey Steam System
- ▲ Turnkey Hot Water System
- ▲ Turnkey Chemical/Biological Waste Water Treatment System
- ▲ Turnkey Solar Energy Systems (PV & Thermal)

## Civil / Architectural Applications

- ▲ Gratings and Industrial Floor Coverings
- ▲ Architectural Moulded Slump Glasses
- ▲ Marbles and Granites
- ▲ Terrazzo Tiles
- ▲ Lime Stones
- ▲ Sand Stones

## OUR VISION

We, as a top professional company, strive to satisfy our esteemed customers to the utmost extent by quality deliverance and client satisfaction until we're the most renowned company in every sector that we represent.

## OUR MISSION

- ▲ Carefully Listen
- ▲ Constantly Adapt
- ▲ Committedly Deliver

## OUR VALUES

- ▲ Passion for excellence
- ▲ Integrity in everything we do
- ▲ Empowering people to strive and deliver
- ▲ Adapting to changing market and customer needs

## International companies that we represent and products that we stand for

### A. Electro-Mechanical Products

- ▲ EVERHOT, UAE for Unit Electric Water Heaters
- ▲ LACAZE ENERGIES, FRANCE for Central Electric Water Heaters
- ▲ SYI, CHINA for Ductile Iron Piping
- ▲ SAUDICAST, KSA for Drainage Specialities
- ▲ PIPELIFE, AUSTRIA for Chemical Drainage Piping System

### B. Electro-Mechanical Systems

- ▲ ATTSU, SPAIN for Turnkey Steam and Hot Water System
- ▲ NOBEL INTERNATIONAL, EU for Turnkey Solar Thermal System
- ▲ KPV SOLAR, AUSTRIA for Turnkey Solar Photovoltaic System
- ▲ WTEC ITALY / ENVIRO ENGG., INDIA for Chemical and Biological Wastewater Treatment System

### C. Turnkey MEP System

- ▲ LEAPFROG ENGINEERING SERVICES, INDIA (In JV for EPC Works)

### D. Civil / Architectural Products

- ▲ KESAR IRON, INDIA / SIF, INDIA for Manholes, Gullies and Cleanouts
- ▲ LITCHGITTER, GERMANY for Gratings and Industrial Floor Coverings
- ▲ ULTRAGLASS, USA for Architectural Moulded Slump Glasses
- ▲ ECOSTONE, KUWAIT for Dimension Stones like Marbles, Granites, Limestone, Terracotta and Terrazzo

# EVERHOT

Our World class Italian technology has established our supremacy in the market, the three core products, Heating elements, Thermostat and safety Valves are made in Italy.

# EVERHOT WATER HEATER PRODUCTS

The inner tank technology and the energy saving technology are the best in the world. We have other Brands like Excel, Sohar, Emirates Ceramics, Sabah, Electrotec, Centour and Evertemp marketed across different Middle East and Russian countries. Our products have been certified by United Arab Emirates authorities (ESMA), Kingdom of Saudi Arabia authorities (SASO), Public Authority of Housing (PAHW), Kuwait and GOST-R for Russia.

- ✚ Making EVERHOT your best choice for water heaters.
- ✚ State-of-the-art manufacturing facility
- ✚ Superior Quality raw materials and latest technology
- ✚ Stringent quality control
- ✚ Products from ISO 9001 & 14001 certified company
- ✚ Wide range of models and capacities to suit individual requirements
- ✚ Better warranty terms and efficient after sales service
- ✚ Reliable company existing since 1975

## OD APPROVALS

- ✚ Dubai Municipality (DCL)
- ✚ Emirates Authority for standardization and Metrology, United Arab Emirates.
- ✚ SASO – Saudi Arabian Standard
- ✚ OS/83/1985- Omani Standard
- ✚ Gost-R – Russian
- ✚ UKrsepro – Ukraine
- ✚ PAHW, Kuwait & MOH, Kuwait

Lacaze Energies is one of the subsidiaries of Groupe Cahors. Specialist in the field of domestic hot water production, hot water for heating as well as chilled water storage, Lacaze Energies benefits from the combined experience of an industrial group.

- ✓ Lacaze Energies is an ISO 9001:2008 Certified Company
- ✓ A large range of standardized products available in stock

Developed as complete systems, each of our products integrates the best combination of components and materials to ensure 100% satisfaction in terms of performance, cost effectiveness and reliability.

### OUR PROMISE

- ❖ To determine your needs and meet your expectations
- ❖ Provide you with constant quality.
- ❖ Evolving is also about being able to listen.
- ❖ LACAZE ENERGIES pays special attention to every expressed need, from the receipt of specifications to the maintenance of the equipment.
- ❖ With a Quality Policy shared with all our employees and based on on-going commitment to improve processes, products and services, we place your satisfaction at the very heart of everything that we do.

## PRODUCTS

### CENTRAL ELECTRIC WATER HEATERS

**CAPACITY:** 300L TO 1,30,000L

**OPERATING PRESSURE:** 6 Bar to 15 Bar

**STORAGE VESSEL:** Mild Steel Glass Lined, SS316L/Ti, Duplex Stainless Steel

**HEATING ELEMENT:** Available in Incoloy & Ceramic Material

**CONTROL PANEL:** IP55 protection in option standard & PLC

**ACCESSORIES:** Automatic Air Vent, Safety Valve, Dial Thermometer, Pressure Gauge, Check Valve, Drain Valve

Tanks are designed and manufactured based on CODAP regulations more than 60 years of experience in the tank manufacturing industry.

# SYI PIPELINE

## FOR DUCTILE IRON PIPING

SYI Pipeline Corporation- a Proud Member of SYI Group-manufactures a full range of Pipeline products and accessories like Pipes, Fittings, Valves, Universal Couplings, Flanged Adaptors, Quick Adaptors, Dismantling Joints, Clamps, Fire Hydrants etc.

**AN ISO 9001:2008 CERTIFIED PIPELINE SOLUTION PROVIDER**

Since 2009, SYI Pipeline developed from selling only simple pipes and fittings to a professional project solution provider, including the one stop service and solution from pipes, fittings, couplings & flanged adaptors, valves, fire hydrants, to water meters and accessories.

SYI Pipeline Corporation has an annual supply capacity of 200,000 tons, and it is still developing all the time.

Besides traditional hand moulding, SYI also use Automatic moulding Line to manufacture pipe fittings for better surface condition and dimension accuracy.

**SYI PIPELINE**

## PRODUCT RANGE

### INTRODUCTION

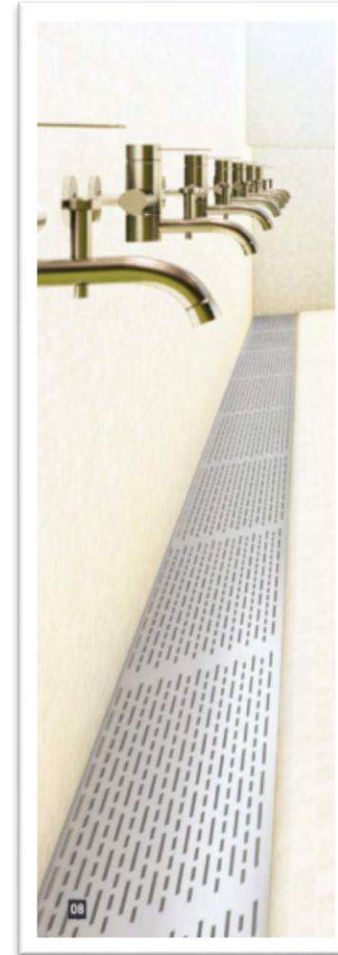

Saudi Cast was established in Riyadh in 1972, as an iron and steel foundry, specializing in the production of manhole covers, roof drains, floor drains and mechanical castings. The aim back then, as it is today, was to provide our customers with a quality product, at the most economic value. The simple formula has helped us to lead the market in the drainage industry in our home country of Saudi Arabia, and has made us a serious contender in the drainage industry in the region.

We pride ourselves in seeking the latest technology in design, production and quality assurance. In addition, our people are continuously trained, appraised and appreciated, making them the single most important element of our modest success.

Saudi Cast is ISO 9001:2015 certified company, products being approved by SASO, BSI Keymark and SGS.

# PIPELIFE

for CHEMICAL DRAINAGE PIPING

## ABOUT THE COMPANY

3-LAYER CHEMICAL DRAINAGE PIPING  
SYSTEM FOR INDUSTRIAL & CHEMICAL  
WASTE WATER SYSTEM

APPROVED BY MINISTRY OF HEALTH,  
KUWAIT FOR ALL HOSPITAL PROJECTS

## EXCELLENT CHARACTERISTICS

- ✓ High surface Strength
- ✓ High stiffness
- ✓ Excellent recovery
- ✓ High resistance to stress cracks
- ✓ High temperature resistance
- ✓ High chemical resistance
- ✓ No physiological hazards

+ Complete range of Pipes and fittings- DN150 to DN500

+ Chemical resistance/Temp resistance in accordance with ISO/TR 10358: 1993

Complete system is tested and manufactured according to ONORM rule ONR 20513. The high quality standard for the pipe production and the PP MASTER is guaranteed according to ONORMEN ISO 9001. Pipelife PP Master, thereby satisfies all required testing criteria.

Pipelife PP MASTER also meets the special requirements of GRIS (Residential Water Engineering Pipe Quality Association)

**ATTSU**

# ATTSU

FOR TURNKEY STEAM & HOT WATER SYSTEM

## ABOUT ATTSU

In 1993, companies ARCONES, TECNIVAP and TEYVI, that had a long career in the boiler manufacturing industry joined forces to form ATTSU Group. This group became the largest Spanish boiler manufacturing group. ATTSU is an ISO 9001 certified turnkey system provider for Steam and Hot Water Systems. All our products are manufactured in our facilities at Madrid, Girona and Valencia. Products are manufactured according to the European standards PED EC 97/23 bearing CE marking, and American standards ASME bearing "U"/ "S" stampings. Products are also manufactured according ASME standards. Quality, safety, innovation and regulations accomplishment are our main goals.

With worldwide references in more than 70 countries:

- ▶ Europe: Euro zone and East
- ▶ Mexico, Central and South America
- ▶ Africa & Middle East
- ▶ South East of Asia
- ▶ Australia

## PRODUCTS

- ❖ Steam Boiler
- ❖ Clean Steam Generator
- ❖ Hot Water Boiler
- ❖ Feed Water Condensate Tank
- ❖ Water Softener Unit
- ❖ Chimney
- ❖ Reverse Osmosis
- ❖ Blow Down Cooler
- ❖ Sample Cooler

# NOBEL INTERNATIONAL

## FOR TURNKEY SOLAR THERMAL SYSTEM

- ✦ NOBEL offers a variety of solar thermal energy products of high aesthetics and efficiency, providing reliable and innovative solutions both for domestic use, as well as for larger facilities.
- ✦ Possesses the know-how of 40 years of experience in Solar Thermal system.
- ✦ Produces at ultra-modern facilities of 31,000m<sup>2</sup> surface.
- ✦ Continuously invests in R&D and state of the art equipment.
- ✦ ISO 9001:2008 certified for the design, production and distribution of Solar thermal systems and electric water heaters.
- ✦ Solar Key mark certified for all its collectors and systems
- ✦ Deliver Turnkey solutions for Solar Thermals

## PRODUCTS

- ❖ **Solar Collectors**
  - APOLLON SERIES
  - AELIOS SERIES
  - CLASSIC SERIES
  - HYPERION SERIES
- ❖ Forced Circulation Tanks (FC, COMBI, Pressure less Tank)
- ❖ Electric Water Heaters
- ❖ OEM-Products / Semi Finished Products

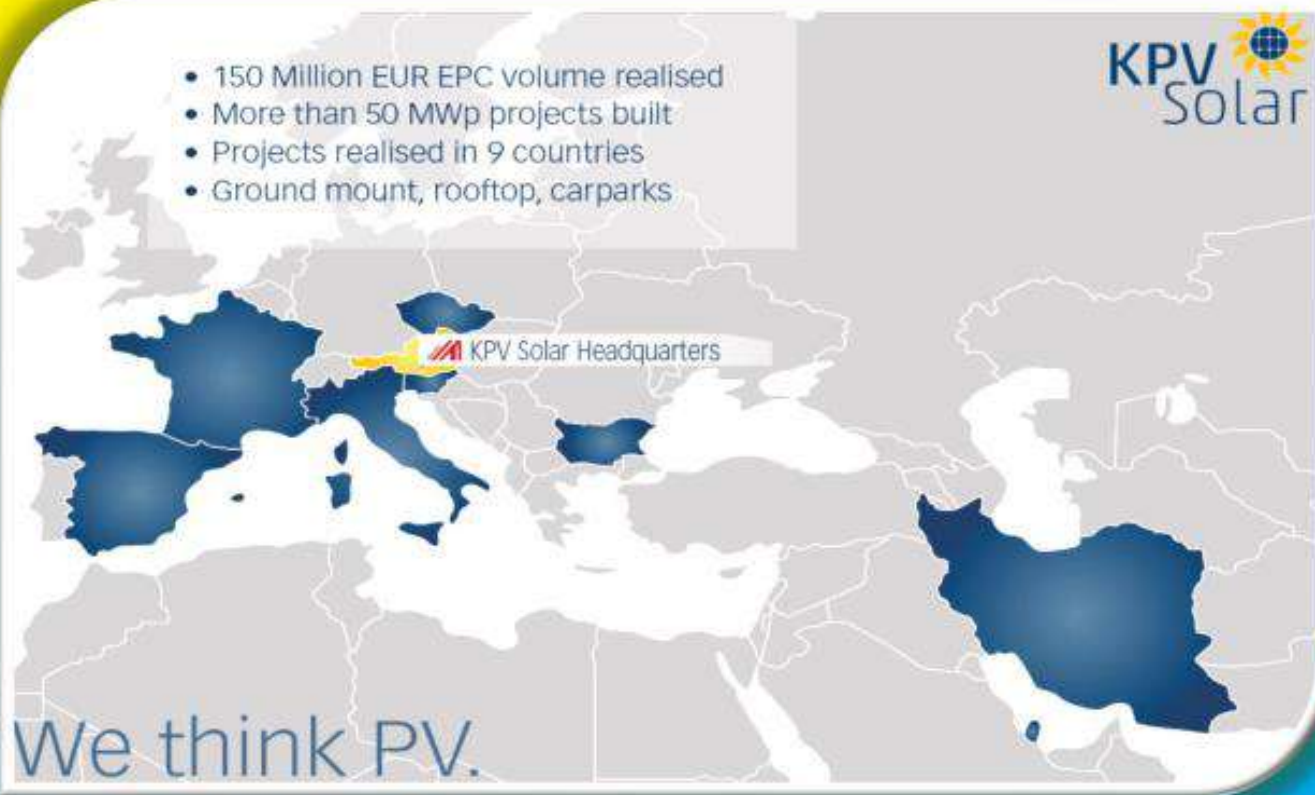

**POWER GENERATION**

**ENERGY SAVING**

- 150 Million EUR EPC volume realised
- More than 50 MWp projects built
- Projects realised in 9 countries
- Ground mount, rooftop, carports

We think PV.

# KPV SOLAR

## FOR TURNKEY SOLAR PHOTOVOLTAIC SYSTEM

### ABOUT COMPANY

KPV Solar is a leading Austrian Solar company designing and constructing utility size Photovoltaic (PV) power plants. KPV Solar plans and builds big size renewable power plants for international investors in Austria, Italy, Slovenia, Croatia, Serbia, The Czech Republic, Bulgaria, Spain and the Middle East. Based on a close link to our main partner companies (the leading Austrian PV panel manufacturer KIOTO), who provide best in class Photovoltaic panels with outstanding performance warranties, KPV power plants deliver significantly higher yields than forecasted by independent experts.

KPV designs and constructs turnkey PV plants. In this process KPV cooperates with worldwide leading manufacturers and construction teams. In the last years KPV has successfully completed a substantial number of large PV power plants. Our high component and planning quality allows us to give substantial warranties for function and yield of our installations.

### SERVICES

- ❖ Project Development
- ❖ Conceptual Design
- ❖ Feasibility Study
- ❖ System Design
- ❖ Equipment Procurement
- ❖ Construction Management
- ❖ Turn Key Project Delivery
- ❖ Operation & Maintenance
- ❖ Research and Development
- ❖ Knowledge Transfer

# WTEC Plants

FOR CHEMICAL/BIOLOGICAL WASTEWATER TREATMENT PLANTS

WTEC Plants Ltd operates in the design and construction of water treatment and depuration plants. We are a dynamic company, born of the entrepreneurial endeavour of a group of professionals with over 25 years' experience in the sector.

WTEC Plants carries out research both on its own and in collaboration with prestigious universities into the purification of primary and waste waters. Is also highly specialised in membranes for reverse osmosis and ultrafiltration.

With head office in Trani (BT) and operational base in Padova, Italy and its unit operates under License Arges based in Turkey.

WTEC Plants operates throughout all the National and international territory with a significant presence in Arab countries, Persian Gulf and North Africa. The Company has experienced a steady development and continuous growth proposing itself as a leader company in water treatment.

**WTEC Plants** operates in different fields of water treatment and/or purification such as,

- ❖ Desalination
- ❖ Treatment of processed and primary water for potable and technological use
- ❖ Wastewater treatment from Civil/Industrial settlements

**WTEC Plants** operates as WTECH License in Italy and Arges License in Turkey. These sources are approved by Prime Institutes in Kuwait Projects K.O.C, M.P.W and M.O.H.

**WTEC Plants** provides services such as Design, Manufacturing, Installation and Client Service

# ULTRAGLAS

FOR ARCHITECTURAL MOULDED GLASSES

## ABOUT ULTRAGLAS

UltraGlas provides the design professional with a virtually limitless palette of possibilities in glass, from subdued textures to ornate art glass — for all architectural environments and applications.

Founded by Jane Skeeter, LEED AP, in 1987, UltraGlas pioneered, developed and introduced the unique heat slumping (embossing) process known as UltraGlas® to the U.S. architectural and design communities. We've continued to evolve this technology into the most elegant means of incorporating dimensionally functional glass textures, designs, patterns, imagery, palettes and finishes for all architectural applications.

The stunning effects of this evolution can be found in distinctive hotels, resorts, cruise ships, casinos, theme parks, spas, institutions, restaurants, museums, health-care facilities, retail establishments, corporate offices and up-scale residences around the world.

# ECOSTONE

FOR LIMESTONES, SOFTSTONES, GRANITES, MARBLES AND TERRAZZO

ECOSTONE was born in 2012, by Mr. Arun Emmanuel sparked by the fortuitous sales of Nestos Marble, Greece, Terrazzo tiles, Italy & Granites, India. Despite venturing into an unknown territory, his passion for stone was instant and long-lasting. Fast forward to 2015, after getting better acquainted with the industry, the business boom-up with the multiple successful projects.

By 2015, ECOSTONES evolved by truly embracing the sector and emboss its name in the market for all kinds of dimension stones, may they be Marble, Granite or artificial stone products from all corners of the world.

ECOBUILD has consistently offered a diverse range of captivating stones to regional customers through our dedicated team. Our core mission is to provide top-notch materials and exceptional service. Since 2013, we've upheld this commitment, earning loyalty from many initial clients who continue to choose us.

Our reputation for the region's widest selection of dimension stone is thanks to our esteemed global partners.

- ▲ **AIGNER STONES, Austria**  
(For Marbles & Granites)
- ▲ **IKTINOS HELLAS, Greece/Biostone Italy**  
(For Marbles)
- ▲ **TANISHA INTERNATIONAL, India** (For Granites, Marbles & Sand/Lime Stones)
- ▲ **MAKARY MARBLES CO** (For Marbles, Granites & Terrazzo).
